

Get Started Connecting with XOOM Energy

1

Become Your Own Customer

Experiencing for yourself the benefits of being a XOOM Energy customer is the most compelling testimonial you can offer your customers with the extra benefit of being compensated by ACN.

If you live in an energy choice market serviced by XOOM Energy, you don't need to be accredited to become your own customer. Just visit acn.xoomenergy.ca to enroll as your first XOOM Energy customer. Don't forget to include your IBO Business ID.

2

Get Accredited

To start referring your customers to XOOM Energy you will need to complete the XOOM Energy Accreditation Training by visiting acn.xoomenergyhub.ca/en/accreditation.

Once you complete this training, you'll take a short Accreditation Questionnaire. Then, you'll agree to all terms within the XOOM Energy Code of Conduct. Finally, you'll need to create a XOOM Energy badge and business card, which you can do during the accreditation process. To refer customers in Ontario you must recertify every year or recertify if you do not refer customers within 60 days of completing the online accreditation.
